

## **NanoItaly 2015 - Conference & Exhibition**

September 21 - 24, 2015, Rome - Italy

***www.nanoitaly.it***

**NanoItaly 2015 will be hosted in the Renaissance Cloister By Sangallo in Sapienza University of Rome** and will bring together leading scientists, researchers, engineers, technology developers and policy makers in nanotechnology to exchange information on their latest research progress and innovation on the main frontiers topic in nanotechnology.

**NanoItaly 2015 is a free fees initiative.** Participants from academic, government and private industry labs of different disciplines will meet together to identify new technology trends, development tools, product opportunities, R&D collaborations, and commercialization partners.

It will be also an excellent event for students to meet and discuss in the same location with researchers and private manager. NanoItaly represents a unique opportunity to discover innovation in the different areas of nanotechnology and new business and work opportunities.
